INTERNATIONAL
SAFETY SOLUTION

About Us

International Safety Solution is approved and aligned with **Pakistan Engineering Council (PEC)**, **ISO**, **OSHAcademy**, and **IOSH**, reflecting our strong compliance and credibility.

Our strength lies in delivering quality **equipment**, **fire-fighting services**, and professional **HSE training**, **consultancy**, and **certifications**. With the trust of **100+** committed corporate clients, we continue to **build safer** and **compliant workplaces**.

Vision & Mission

Vision

As **pioneers of practical safety learning**, we stand for competency beyond certification. In the coming eras of safety education, we envision **International Safety Solution** as a global benchmark producing safety leaders whose industrial expertise, innovation, and ethics redefine how the world learns and lives safety.

Mission

At **International Safety Solution**, our mission is to redefine safety education through experiential and practical learning excellence. We are dedicated to cultivating industry-ready professionals by integrating real-world simulations, applied methodologies, and competency-based training frameworks. Through our specialized **practical approach**, we transform theoretical understanding into measurable workplace proficiency, empowering learners to uphold the highest global standards of safety, integrity, and professional excellence.
